

# Using PEAK to Look at Data Grouped by Nursing Units

Spring 2016

# About your presenters

- Erin Coppersmith  
– Client Support

- Graham Gilliland  
– Client Support

# Learning Objectives

By the end of this webinar, you should be able to:

- Create a nursing unit scorecard specific to your hospitals nursing units
- Create profiles for your nursing units within a scorecard
- Use PEAK Details view to analyze data grouped-by nursing units

# Making a quality initiative easier

- A scorecard built with the intention of being used for Nursing-Unit analyses
- Being able to organize data by nursing units gives another lens to help find opportunity

Looking at Nursing Unit-specific metrics

# Following Along

- We have given all users that registered for this webinar access to the Nursing Unit Scorecard

# Finding your Nursing Unit Scorecard Template

The screenshot shows a software interface with a navigation bar at the top containing the following tabs: **Scorecards**, **Scorecard Templates**, **Performance**, **LDOS Code Groups**, **TBS Library**, **Distributions**, and **Files**. The **Scorecards** tab is highlighted with a red box. Below the navigation bar, the section **My Scorecards** is visible, followed by a sub-section **Scorecard Templates**. This sub-section contains a table with two columns: **Template Name** and **Template Description**. The table lists three templates: **Advanced Analytics**, **Readmission Scorecards**, and **Nursing Unit Scorecard**. The **Nursing Unit Scorecard** row is highlighted with a red box, and its description is **Nurse Unit Scorecard**.

Template Name	Template Description
Advanced Analytics	
Readmission Scorecards	
Nursing Unit Scorecard	Nurse Unit Scorecard

- If you need help accessing this scorecard do not hesitate to contact a TBS support team member.
